

SOUTHEAST RED ANGUS ASSOCIATION'S

32nd Annual

GRASS TIME

Auction

SATURDAY, APRIL 1, 2023

12:00 NOON (CT)

Cullman Stockyards, Cullman, Alabama

IN MEMORY OF

Lowell Morgan

In memory of Lowell Morgan, past president of the Southeast Red Angus Association. He was a great leader and instrumental in the success of the Grasstime Auction the past few years, guiding decisions by the sale committee and sale manager and encouraging participation by many of the new consignors that joined the event.

Lowell Daniel Morgan, Jr., 78, passed away peacefully September 15, 2022 at Memorial Medical Center surrounded by family.

LOWELL MORGAN

He graduated from Effingham County High School in 1962. After graduation he attended Lagrange College. He started his career at the Corps of Engineers in Savannah, Georgia and retired in Atlanta, Georgia as a GS12 after 32 years of service. At retirement he received the Superior Civilian Service Award. After retiring he moved to Springfield and worked for the city as the Public Works Director.

Lowell was an active member of Springfield Oaks Church in Springfield, Ga. He served as chairman of the Effingham County Board of Tax Assessors. He was a 50-year Mason and past Master of Springfield Lodge #440. He was an active member of the American Red Angus Association and past President of the Southeastern Red Angus Association. He was a knowledgeable and passionate cattle farmer having maintained a registered Red Angus herd for years. He was a resource and always available for helping anyone interested in starting and maintaining a cattle herd. He was always quick with a story and joke and a joy to be around. His greatest passion was spending time with his family.

He is survived by his wife of 58 years, Betty Logan Morgan, a son and daughter, two grandsons, two granddaughters and one great-granddaughter.

Welcome from Gilchrist Auction Company!

KYLE & LISA GILCHRIST, SALE MANAGERS

The Grasstime Sale is always a festive event because it either means spring is here or right around the corner. As I write this letter, most of the country is finally seeing ample moisture and the cattle market is booming! With cow numbers across the country at their lowest levels in several decades and beef demand strong both domestically and abroad, get ready for some good times in the cattle business!

The Southeast Red Angus Association is a great group of cattle enthusiasts that have sponsored this event for 32 consecutive years (not counting covid year 2020). The heifer show, SERAA Banquet, annual meeting and Donation Semen Auction all take place on Friday afternoon/evening on Friday, March 31 with the Grasstime Auction on Saturday, April 1. This offering is definitely the showcase of the Southeast with outstanding Red Angus live animals and genetic packages to take your beef operation to the next level. We have supplied the contact information for the owners on each lot and I encourage you to contact them with any questions or to get more detailed information on their lots.

It is truly a pleasure to be part of this grand Red Angus event. Lisa and I will be in Cullman, Alabama beginning Thursday, March 30th through sale time. If we can help you in any manner, please don't hesitate to contact either of us. Lisa 515/669-9945 Kyle 641/919-1077 We look forward to seeing you in Cullman, Alabama!

Best Regards,

Lisa & Kyle Gilchrist

Here's a very nice heifer that has such an excellent disposition that our 9-year-old granddaughter is halter breaking her. She's phenotypically appealing with a dark red hide color. K207 would make an excellent fall show prospect and is a sweetheart from a very maternal cow family.

Here we are offering a 2 year old C-Bar Klondike 204E sired cow with a PIE 4126 Cinch Heifer (RAAA: 4711739) calf by her side. She comes from our Hope cow family which has been a staple in our herd for years. Her granddam lived to be 16 and raised several great cows for us. EPD'S here are balanced and certainly match the phenotype. We AI'D her back to the Select Sires bull PIE Cinch 4126 on 12/11/2022. She has been pasture exposed to our herd sire Prawl Flashback 1931 from 12/23/22 until 3/1/2023. Please follow Bell Farms Red Angus on Facebook for more up to date info, pics and videos as we get closer to the sale. We appreciate your interest.

Here's a great young cow with her whole life ahead of her! She carries a 101 MPPA and her lovely dam carries a 105MPPA with an avg of 106 WWR on 7 calves. Cherek 190H raised a nice WFL Merlin 018A heifer calf on her first try that is now in our replacement pen. I look for this cow to be a highly productive, no miss cow, that raises top notch calves. She sells with a bull calf at side sired by LSF SRR Excellence 8167F born 2/19/23. Videos available on dvauction.com or Dixon Red Angus on Facebook.

This first calf heifer is slick made, feminine, and dark red! She is super attractive and on the moderate side, with a near perfect udder. Her dam is a really productive problem free cow and her MGD was a powerhouse donor for us and she's still in production raising top notch calves. Rue 392H sells with a whopping bull calf at side sired by LSF SRR Excellence 8167F born on 9/28/22. He's definitely good enough and has the qualities to make a great herd bull. Just to add to her, she sells A.I. bred to the \$185,000 Bieber Jumpstart J137 on 11/26 then PE. to LSF SRR Excellence 8167F from 11/28-2/4/23. Videos available on dvauction.com or Dixon Red Angus on Facebook.

This ET daughter of Franchise and Mcrae's Reba 49W has the pedigree and the brood cow look to make a top cow. Franchise is known for top females and Reba 49W is good enough to have her own sale featuring her progeny. 5444 is due to calve on 2/14/23 to C-T Red Rock 5033. Red Rock semen is almost impossible to find. This cow/calf pair has the potential to be very profitable for their new owners.

A profile and pedigree that should get everyone's attention here in 316J! Dominion daughters are making outstanding cows across the US and Canada. A maternal sister was the Grand Female at the 2022 NWSS. 316's udder has near perfect teat size, balance and suspension that even the most discriminating breeders will appreciate. The maternal side of her pedigree is recognizable by most anyone, her MGS, the rare and valuable Meado West Montana Creek's semen has sold in excess of \$1,800/unit. Her MGD, the now deceased 678S was a 2X TN State Fair Grand female, dam of many champions, has 35 progeny recorded through RAAA and was a favorite around the farm. Her 3rd dam is the immortal Triple Crown winning Feddes Blockanna 807. We're only offering her because we have a full sister in blood we're retaining. Her 2/10/23 DUFF Red Blood heifer calf at side will undoubtedly light up the show rings with her heritage and make an outstanding cow. Embryos from her dam, 2F11 are part of a package we're exporting to Australia, a flushmate to 2F11, VETO Blockanna 107G, was a featured high seller of a past "High Caliber" Female Sale, KY. 316 sells with 2 units of semen from our calving ease and carcass resident herdsire LSF SRR EZ Factor 9056G (4110072) that was a high selling herdbull in the Ludvigson Dispersal, a member of their Semen Directory and pictured in our ad in this catalog.

Here's a really well made daughter of the \$105,000 LSF SRR Tyson 3025A coming with her third calf. This female has some added frame and has been a good productive cow for us. With a 105 WWR, 113 YWR and her WW, YW EPDs in the top 15% of the breed she sure has an extra punch of power to her. Her highly productive dam and one of our top cows is still in production at 14 years of age coming with her 13th consecutive spring calf! She sells due to calve 4/20 to Andras Peyweight G148. Videos available on dvauction.com or Dixon Red Angus on Facebook.

Lassie Sky H19 comes out of one of our favorite and best cows, Lassie 1435. On the top side, H19 goes back to the Nebula line that has produced so many great bulls and females. H19 is bred to our Finished Product son, Stormfront 2025, that came out of the Swain Dispersal in 2021. Stormfront rocks 12 EPDs in the top 1/3 of the red angus breed. This calf should be a good one. H19 is due to calf in mid April.

3T Peaches is going to make a great cow that has longevity and mothering ability in her bloodlines. Pasture bred to JLW 3T Mountain Man (#4494135). Vet checked 12/6/2022, safe 3 months she should calve around 6/12/23. Her half sister sold here at Cullman last year also as a bred heifer. Granddam to 3T Peaches was purchased from the Grasstime Sale in 2005 HHFF Pearl.

Here's an outstanding bred replacement heifer that will make a great addition to any breeder looking for a cornerstone cow family. The Red Fine Line Maidgale 160S cow family has been our best cow family producing a consistently sound, easy fleshing female that can raise calves. This March '21 heifer is sired by the great Silveiras Nexus 1378T herd sire that has stamped outstanding progeny across the country for the last several years. She comes with a balanced set of EPD's that lead to further success down the road for the new owner. We AI'D her to the good Select Sires bull PIE Cinch 4126 on 12/6/2022. She has been pasture exposed to our herd sire Prawl Flashback 1931 from 12/23/22 until 3/1/2023. Please follow Bell Farms Red Angus on Facebook for more up to date info, pics and videos as we get closer to the sale. We appreciate your interest.

105J represents what we want as the basis of our herd... a moderate framed, easy fleshing female that breeds on time. We've liked the growth and maturity of our Pathfinder calves so far, and are excited to see them come into production this year. Duff Red Blood calves are getting lots of positive reviews. Here's your chance to get in on the action with two relatively new sires to the Red Angus breed.

CRA Fusion Carrie is a Shady's Fusion daughter out of the Shady Bottom Ranch. Her dam comes from the Travel On lineage from Whitley Red Angus. She is pasture exposed to a Mann Red Box son (#4512721) MF Mann Red Box 144 192. This is a great opportunity to add a solid maternal female to your herd. Her dam and granddam have proven to be high quality matrons on our farm.

Out of our herd sire JLW Tyson 4688 (#3727461) comes a dark young heifer A/d to Feddes CCC Definitive 9416 (#4124560) with a lot of eye appeal. Her dam comes from an embryo that I purchased at the Kentucky Beef Expo from Bootjack Cattle Company. Pasture exposed to JMMQ The Cowboy Kind 928G (#4211188) to sale date. Can fit any herd, and make a front pasture cow that anyone could be proud of.

This bred heifer is sired by the great LSF MEW X-Factor 6693D and she's out of one of our very best cows Andras Belle C081 that carries a 108 MPPA! Her powerhouse dam is also one of our donors whose last flush generated 16 freezable embryos. Fertility is definitely bred through this female. Belle 981J is powerful, slick haired, feminine made and will make a great addition to any herd! She individually posted a 106 WWR with her WW and YW EPDs in the top 1/4 of the breed. She sells A.I. bred to HXC Charter 6610D on 11/26 then P.E. to LSF SRR Excellence 8167F till 2/4/23. Videos available on dvauction.com.

If moderate, deep bodied, easy fleshing cattle is what you are searching for, here she is. A Calvo Grazer daughter bred to RedHill 84S. Talk about a pedigree! Al'ed 12/17/22 to RedHill B571 Julian 84S (1147702), pasture exposed to Ridge Right Kind 8146 12/20/22-2/20/23. Confirmed safe, most likely to the AI.

This smooth made cow raised a fancy show heifer last year and is bred back fir an early fall calf to do it again. 4 months safe in calf to Ridge Right Kind 8146 (3934603)

Cashmere 1161 carries loads of pedigree on both her top and bottom side. On the maternal side, her dam comes out of the lineage of Six Mile Lakota 112Y a Red Angus breed changer who's line runs deep in our herd and the Red Angus breed as a whole. And not only does she carry the maternal names, her herd builder score reflects the type we aim to produce, in the top third of the breed. Breeding information – Pasture exposed to 5OAK Trump 0311 (Reg 4376323) 12/17/22 to 2/12/23.

Countess 1146 comes to you direct from an LSF cow that represents the longevity in our herd. Looking across her full set of EPDs, this heifer not only has a high Stayability score, she ranks in the top third of the breed of ProS, Herdbuilder, and GridMaster, all three! Breeding information - Pasture exposed to 50AK Trump 0311 (Reg 4376323) 12/17/22 to 2/12/23.

DAM / NSFR MTX 3032

A direct daughter of one of our most prolific donors to date, NSFR MTX W14. W14 has near to 150 progeny in the book! Sired by the great Rambo 502, she is long bodied, has a sound udder and good running gear. Don't miss this proven cow, with a great opportunity queued up for next fall. Breeding information - Pasture exposed to Rust Varsity Blues 35G (Reg 4114482) 12/17/22 to 1/24/23.

The 2023 Grasstime Sale will be a "3-peat" for Tilly X02 as we sold her in the '21 sale to J Bar S, MS, she's the dam of the '22 high selling lot, VETO Tilly X02 930H, to JL Morris Farm, GA, in addition to 310 she is the MGD of our embryos selling as Lot 89. X02 is an extremely fertile donor averaging over 15 embryos per flush including 24 in the flush that produced 310. A full brother sells in the '23 Ludvigson "Big Sky" Bull sale in Feb. Just like all the X02 daughters 310J is attractive, deep sided and sound. AI'd 12/2/22, ultrasound 65 days safe to AI carrying a bull by the exclusive \$120,000 LSF BJR High Voltage 1803J (4412003) a Bieber Energize x Brown Premier bred rising star that's causing a commotion throughout the industry. He's a deep bodied, long made, sound stud that's just as impressive on paper as he is on foot. His only semen to sell outside of the syndicate members to date sold for \$685/unit in the '22 Bet on Red Sale. No set release date for his semen has been made, we are anxiously awaiting his first progeny to be born in March '23. Lead time genetic opportunity here!

925 posted a 110 WR and stacks two of the most popular sires in recent history in Merlin and New Direction. Her dam is one of 20+ yearling heifers we purchased from Bull Hill Ranch in 2017 that has proven to be a wise choice earning one of the highest MPPA's in the herd at 109 and is a granddaughter of their popular Prissie 7001 donor. 925 is bred to be an outstanding cow and has the looks of one too. AI'd 12/2/22 to the now deceased Bieber Stockmarket E119 (3751659) the popular calving ease and marbling leader at Select Sires. PE to our calving ease and carcass resident herdsire LSF SRR EZ Factor 9056G (4110072) that was a high selling herd bull in the Ludvigson Dispersal, a member of their Semen Directory, pictured in our ad in this catalog. Ultrasound 40 days bred on 2/8/23. (carrying an EZ Factor calf).

This one will catch your eye. She is wide, stout and large framed. Her dam is large framed, which is great for calving ease, I expect this heifer to follow her dam. She has 9 EPDs in the top 50% with 4 in the top 25%. She is being sold open and will be ready to breed to the bull of your choice.

While we enjoy the showing, if they won't produce, they don't stay on our farm. Kellie is the result of a cross I'd wanted to make for a number of years. Profitbuilder and Redemption highlighted Genex's marketing for a few years in a row, and this calf is one example of why. Growth, fertility, and marbling all put together in a very maternal prospect that is puppy dog gentle for the junior project. Look at the length and capacity and she's just a baby. She'll only get better with time.

IN THE SHOW!

This female is one that combines a lot of good. She has 6 EPDs in the top 20%. Her Granddam is a direct daughter from BECKTON NEBULA P707 and BROWN MS ABIGRACE L7730. Sire bloodline tracing back to BECKTON JULIAN GGB571. This heifer has great potential. She sells open ready to breed to the bull of your choice.

LOT 50 / DIX VICILA H0160 160K

What a genetic opportunity with this female that's sired by the rare, highly sought after 5L Genuine 1603-195C! We purchased her dam at the Ludvigson Stock Farms dispersal sale as a bred heifer and she done a tremendous job on her first try. Vicila 160k has an outstanding EPD profile with 7 numbers in the top 1/4 of the breed with her PROS and GM in the top 8%. She started out with an actual 75 BW and has a 867 AYW. She's moderate, deep made, and extremely wide topped! Videos available on dvauction.com or Dixon Red Angus on Facebook.

This heifer is sure enough put together nice, she has a little more frame than some of my other lots but is still really thick topped and deep gutted. Her dam carries a 104 MPPA and her sire WFL Merlin 018A has done a tremendous job for us as he has for many other breeders. We are retaining as many daughters as we can out of him. Miss 121K is one of the top Merlin daughters we've had!

We purchased Nexa K205's dam in the 2021 Big Sky Sale in Three Forks, Montana from Green Mountain Red Angus where she weaned their #1 heifer that year at 684 lb. to ratio 128. Because we are a Fall Calving operation, we are offering both Lot 53 and 54 in the Grasstime Sale due to them being our only Spring heifers on the place. We have moved her amazing 108 MPPA dam into our Fall Program and think this Nexa X Red Douglas heifer can make a huge impact for her new owner. Be sure and look her up, she will be in the show on Friday afternoon.

Cover Girl 2421 is a dark red, deep long bodied February 1st heifer sired by the most unique bull in the red angus breed, Laso Alamo C92H. When we purchased Alamo, it was our belief that he would potentially be a huge impact on the Red Angus breed. 2421 has us believing that even more. From a 68 lb. birthweight to a weaning weight of 616 lbs. Her EPD profile displays low birth (4% CED), high growth (top 20%), and tremendous carcass for both marbling (5%) and ribeye (9%). There aren't many animals, bull or female, that can boast those growth AND carcass percentages. 2421 will be the first Alamo calf offered for sale outside of Washington state. 2421's dam, MEW Cover Girl 421B, goes back to the Cover Girl cow family and LA 414, one of the prolific donors for Ludvigson's. She has an MPPA of 104 and is one of the deepest ribbed cows you will see anywhere. She has great feet and a sound udder structure. Take advantage of this rare opportunity to add this top tier female to your herd.

K14 is a heifer calf out of one of our top donor cows, Susie 3067 from BullHill Ranch in SC. 3067 boast a MPPA of 107 and has average just over 13 viable embryos in each of her last 3 conventional flushes. Here is your chance at some of those great production genetics. K14 has a lot of dimension with great feet and legs all in a feminine package that is backed by proven genetics.

Endless potential in this EGL GUIDANCE 9117 daughter. Her Guidance sire is phenotypically awesome, with impressive EPD numbers. Her Dam is a Spartacus daughter, with both performance and calving ease built into her pedigree. This little gal is going to have performance plus in a beautiful package. Not only is she a show ring prospect, she is going to make an outstanding addition to any cow herd. She ranks in the top 26% in ProS, the top 32% in HerdBuilder, the top 37% in Gridmaster. and as an added bonus, she is rated at a 16 Calving Ease. Her cow family is a favorite of ours

This very attractive Fall heifer calf has been a pasture favorite since birth. You will appreciate her showing potential. She is deep sided, wide topped, big ribbed, clean over the shoulder, long fronted and up-headed. Her moderate sized Synergy dam has produced very attractive offspring, including the MR COACH son, pictured here.

You will notice a common theme with my cows, The Abigrace family. Well, this heifer is no exception. She also goes back to our best donor (W7925). Her dam is a Mullberry daughter with a super udder and Great Phenotype. This heifer should be no exception. She is open and ready to breed to the bull of your choice.

LOT 68 / CLVF BESSIE'S REPLICA 5340 K

This is yet another one that has flat out gotten it done again the Bull Hill Bessie cow family has been a huge success for our program. This calf out of her and Tango is flat phenomenal, a female that has all the right parts and pieces to compete on any level. This heifer is so attractive through her front one third yet still has the body, dimension, and mass and puts it all together in a very complete and sound package. A female that we believe her better days are yet to come not only in the show ring but production as well. I probably should be keeping this one back but I'm committed to selling my best only. A female that offers a ton of endless opportunities not to mention her growth EPDs excel in the top 28 percentile of the Red Angus breed. This heifer is also so calm in her demeanor and first year showman approved. Don't pass up on this one because this is just this beginning for this female. Retaining half embryo interest.

Here is a herd bull prospect that we think quite a bit of. He's sired by LSF MEW X-Factor and out of a 101 MPPA cow that raises a top end calf year in and year out! He's wide topped, deep middled and as slick haired as you can make them. With an actual 67 lb. BW and growth numbers in the top 1/3 of the breed, he's heifer safe but will have a good punch of growth on his calves. Videos available on dvauction.com or Dixon Red Angus on Facebook.

Bull Hill Domain 9214 is a picture of growth and phenotype with outstanding feet. He is the high selling bull from the Bull Hill 2021 sale. I bought him a few weeks before we bought Alamo C92H and because we were blessed with that purchase is the only reason 9214 is being offered. We have used him for 2 breeding seasons with great results. He has an actual birthweight of 70 lbs, with a weaning ratio of 118 and yearling ratio of 119, IMF ratio of 114 and REA ratio of 111. That's an impressive data set and those numbers will never change. He is a very docile bull that makes him a very easy handling bull that you look forward to meeting in the pasture or working pen. His calves are easy fleshing with lots of growth with moderate birthweights. 9214's dam, 7260 has a 114 MPPA, the highest ranking female in the Bull Hill Ranch herd, after three natural calves. She posted a 373 day calving interval before going into the Bull Hill Ranch ET donor program last year. She is a third generation donor cow. Her dam, 9133, is still in the Bull Hill Ranch herd and has a 113 MPPA at age 13, and her granddam was one of the most prolific donors they've ever had. 7260 was the Grand Champion female at the SC State Fair, and all of her calves have shown excellent phenotype, growth and functionality.

Spitting image of this extremely popular sire, Niko puts power to ground in an expressive package. A versatile bull, use him to add lbs to your calf crop or to lead heifers in the show ring. His dam is Rojas Navarre 6054 who needs no introduction to the breed, and makes them as good as they come. Add Niko to your herd with confidence.

This guy has not only been a standout since birth, but he is the best herd sire prospect we have raised to this day. You talk about a bull that has all the right parts and pieces to lead any cow heard in America into a new direction of profitability look no further. A bull that is yet so stout and big footed and combines it with the added body shape and dimension yet still in a super sound package. If you're in the market for a bull that will do it all here is your guy ranking in the top 2% for weaning and 6% for yearling this bull will add the pounds to your calf crop that you will need to be successful within the cattle industry. And backed by the great AHL Flashback on the top side and the Tarmily cow family on the bottom side. I bet you will be retaining bulls and replacements from this guy here for years to come, we truly think he is just that good. It's hard to find a bull now days that can make the next generation of Red Angus cattle, yet still put the look and pounds into them, don't pass up on this one you will regret it. Retaining 25% semen interest at buyers convince and seller's expense.

DAM / FEDDES LAKINA Y17-D6

101J is the natural son of our signature female Feddes Lakina Y17-D6 the \$11,000 pick of the 2016 born heifers from the legendary Feddes Red Angus program, a daughter of their high MPPA cow and a maternal sister to the popular Feddes Silver Bow. 4 full brothers to sold in the '22 Ludvigson "Cornhusker" Bull Sale for an average just over \$4,800, a full sister sold in the '22 Red Revolution Sale to new up and coming breeder JL Morris, GA, D6 grossed \$13,000 in that same event

with live and frozen genetics selling into 3 states, we have 2 of his full sisters to 101 that recently calved with near perfect teat size, balance and mothering ability. D6 has the "wow factor" by all visitors to the farm and simply does nothing wrong. She was flushed on 2/4/23 giving 23 Grade 1's, our embryologist made the comment "She just never misses" we can't agree more. "Journey" is a long bodied, heavy muscled, moderately made and very dark red herdsire prospect that will make outstanding females and bulls/steers that will push the scales down come weaning time. We've used him naturally to clean up heifers through the '22-23 winter breeding season, in which he shows great libido. He has 11 EPD traits in the top 3rd of the breed and 3 in single digit percentiles, like a true "Journeyman" he covers all the bases!"

We are always breeding for the best genetics that have the ability to pass on Fertility, Soundness, Longevity & Functionality to all of the animals that we have for sale.

Likeit Queen Jewel 5150 [3513785] has a 102 MPPA and stems back to the great foundation JRA James 904 that Boot Jack owned with Mariam Foshee. The 904 cow produced the great BJR High Capacity 008 who was the top selling bull of that year and went on to sire the \$52,000 High Capacity 224 and in pedigrees of Red Box and Wideload today. 5150 has a unique balance of EPDs in the top 1-34% for ProS, HB, CED, BW, WW, YW, ADG, DMI, ME, CEM, Stay, and Marbling. These are the first embryos BJR has offered out of Queen Jewel 5150. X Bieber CL Energize F121 [3958815] is a genetic superstar @ ABS who sired the \$185,000 Bieber Jumpstart & \$120,000 LSF BJR High Voltage 1803!! He ranks in Top 1-10% for ProS, GM, CED, BW, ADG, CEM, REA and Top 11-35% for HB, WW, YW, Stay, Marb, CW. He adds rib and muscle in a calving ease package. Selling 3 Conventional Embryos @ Genex Billings.

We are offering 3 grade 1 conventional embryos out of a flush that resulted in 18 freezable embryos. Pineta E7069 is a true powerhouse cow with growth EPDs in the top 1% and 3% of the breed that we purchased in the Ludvigson Stock Farms dispersal sale. With these embryos being sired by one of the hottest bulls of 2022 sale season, LSF SRR President 8177F. The calves out of this mating will have exceptional EPDs, style, and a ton of growth! Guaranteeing 1 pregnancy if implanted by an AETA Technician within 2 years of sale date.

Lot of 3 embryos out of the popular Energize son High Voltage and Feddes Jessa A31-D53. High Voltage semen is tightly held and makes this package very desirable. The accomplishments of the dam in our herd makes the package even more desirable. Jessa D53 was a high seller in the 2017 Big Sky Elite sale. She arrived in Alabama and built a 110 MPPA while advancing her calving date from January to October. She has calved 2 years in a row to AI and weaned our high weaning bull last year – a Stockmarket son that will be used in our herd. Expect great things from this package. Guarantee of 1 pregnancy if embryos are implanted by a certified technician. Embryos may be picked up in Cullman on sale day.

Choice of (3) conventional embryos sired by LSF BJR High Voltage 1803J OR (3) Rev sort female embryos sired by LSF SRR President 8177F from VETO Tilly X02 926H (8177F embryos are located at Trans Ova, Bryan, TX).

Cutting edge, rare genetics here! 926H is the lone flushmate sister to VETO Tilly 930H, the top selling lot of the '22 "Grasstime" Sale that was injured as a calf and went straight into embryo transplant as a yearling where she has excelled in both IVF and conventional production. She's also a maternal sister to VETO Tilly 310J selling as lot 42. Choice (A) 3 conventional embryos sired by the exclusive \$120,000 LSF BJR High Voltage 1803J (4412003) a Bieber Energize x Brown Premier bred rising star that's causing a commotion throughout the industry. He's a deep bodied, long made, sound stud that's just as impressive on paper as he is on the hoof. His only semen to sell outside of the syndicate members to date sold for \$685/unit in the Bet on Red Sale, NV. Choice (B) 3 reverse sort IVF female embryos sired by the rare \$115,000 LSF SRR President 8177F who is making some outstanding daughters that were especially high light heifer calves of the Ludvigson dispersal. His semen is rare and limited. The projected EPDs for either of these sires rank the calves in the top 15% for ProS, GM, WW and YW. We will have calves on the ground from both of these matings by sale day. Guaranteeing (1) pregnancy if implanted by an AETA certified tech if done within (2) years of sale day.

TERMS & CONDITIONS

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager. Kyle Gilchrist's cell number is (641) 919-1077.

Limit Up is the co-owned stud bull with Sonstegard Cattle of Minnesota where he sired their all-time heaviest weaning weight calf - 3SCC Limit Up K321 (#4659495) - at a wallowing 931 lbs. to ratio 125! In the Star G Ranch fall program, his first 7 calves had an average birth weight of a mere 63.7 lbs! He may just be that unique bull with calving ease and extreme growth that we have all been looking for. Limit Up posts 12 EPD traits in the top 25% of the entire Red Angus breed - and he is a Bieber CL Stockmarket E119 son! **Selling 50 straws of semen in 10 straw increments.**

The \$155,000 PIE Quarterback 789 has taken the breed by storm siring high performance, sound, attractive calves with near perfect feet. He's also been said to add "an extra rib" in terms of length of body per Seth Leachman one of his owners. Semen from this low birth weight high carcass sire is rare and recently sold in the '23 Red Revolution sale for \$1,400/unit. We were lucky enough to get quite a bit of semen from him early on and feel comfortable offering these 5 units. We have and will continue to use him in IVF.

Most folks will say the Sim Angus cross is the best cross out there. Here's a Sim Angus bred heifer (57.9%) that has some of the best genetics out there. She is a Luanna which is the cornerstone cow family for TC Reds out of Wisconsin. She is sired by 3ACES RELOAD 266d bull from the Gamble Angus program in Clinton, TN. Talk about an EPD spread- the heifer has a 121 YW and a 26 Milk along with 3 other EPDs that all rank in the top 10%. Pasture exposed to TC Red Eagle 23k from 1/10/23 until 3/30/23. This Red Eagle son was the lead bull in the Cattleman's Congress National Pen Show Reserve National Champions in OKC back in January.

Please follow Bell Farms Red Angus on Facebook and Instagram for more up to date info, pics and videos as we get closer to the sale. We appreciate your interest in our lot.

Consigned by **SWAN CREEK RED ANGUS** / Darryl & Rhonda Deist
Lynchburg, TN • 931/625-2001

Semen tank model MVE Millennium 2000 XC 20 has 6 canisters. We sold our cows and farm in 2017 but held on to our tank until now. It has had continuous nitrogen fills and has never gone dry. There is one embryo in the tank that I got from my parents. They purchased the dam at the Enfinger dispersal in the 1980's, she was a Thunderbolt daughter, a paternal sister to their famous #43 cow (BHC Stryker's dam).
