Selling Registered Red Angus Females, Bulls, Embryos & Semen

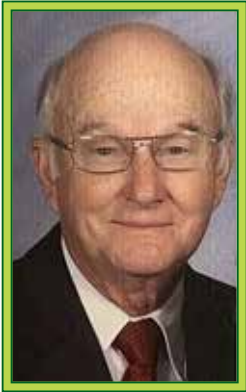

**And Commercial
Red Angus Females**

SATURDAY, APRIL 6, 2024

12:00 NOON (CT)

Cullman Stockyards, Cullman, Alabama

IN MEMORY OF

James McLean

JIM MCLEAN

James Ernest "Jim" McLean Sr., 86, passed away on January 7th, 2024, surrounded by family members. Born in Alma, GA in 1937, Mr. McLean was a graduate of South Ga. College and Georgia Tech. He married his high school sweetheart, Alynda, and they raised four children and were blessed with nine grandchildren and three great grandchildren during their sixty six year marriage.

Jim began McLean-Behm Steel Erectors in 1970, and the rebar placing company was instrumental in constructing numerous large scale structures in the Atlanta area and around the southeast, including the Peachtree Plaza Hotel, the Georgia Aquarium, and Mercedes-Benz Stadium. A humble man and true southern gentleman, Jim was known for his integrity, fierce work ethic, attention to detail and producing the highest quality product. These traits applied to building wood board fences, family homes, sky scrapers, gardens and Red Angus cattle. His life is described perfectly by Colossians 3:23-24.

Jim also began raising Red Angus in 1970 and was an advocate for the breed throughout his life. He served multiple terms as president of the Southeastern Red Angus and Georgia Red Angus Associations, and served two terms as Southeast Area Director on the Red Angus Assoc. of America board, which included a term on the executive committee. He and Alynda received RAAA's coveted Pioneer Breeder Award in 2005. He raised no-nonsense Red Angus cows known for maternal excellence and longevity.

Jim was an active member of First Baptist Church, Alma, GA, and he lived out his faith as a mentor, friend and leader who treated everyone with love, dignity, honor and respect. He had no enemies, and his legacy continues through his family and friends, who he led by example. Jim has moved to his eternal reward tending some of the Lord's cattle, (Psalm 50:10) and yes, those cattle are RED! (Numbers 19:2) His smile, kindness and generous service to the Red Angus breed and its stakeholders will be truly missed.

Welcome to the 33rd Annual SERAA Grasstime Auction

KYLE & LISA GILCHRIST, SALE MANAGERS

The cattle market has been nothing short of sensational the past few months with calves setting all-time records and finished cattle generating more dollars per carcass than ever before. It is a great time to be in the cattle business. The truth-of-the-matter is, this cycle should be with us for quite some time as U.S. cattle number reports show the lowest inventory of beef cows in the United States since 1951. **NOW** is absolutely the best time to upgrade your herds -- market your old or low-end producing cows and herd bulls and **CASH OUT** to reinvest with productive young animals that will continue to make money during these unprecedented times. Red Angus with their RED hide, heat tolerant advantage makes the most sense as you restock your pastures in the southern parts of the country. Superior video sales are still reporting the highest selling and most demanded bovine females are commercial Red Angus!

This year's SERAA Grasstime Auction includes some of the most progressive Red Angus genetics ever offered in Cullman, Alabama at this event. I invite you to study this catalog in depth and come to the auction ready to invest in your future. Whether you are in search of a Donor Female, top-notch brood cows, embryos or a bull to put on your commercial cowherd, this offering has something for everyone including a large selection of commercial Red Angus females. If you have never tried Red Angus now is the time!

The Grasstime Auction is more than just a sale. It is an event to meet cattlemen and women and network your future genetic strategies across the nation. Friday night will be the annual banquet that is proud to boast one of the biggest Red Angus events of the year and is a "family reunion" of enthusiastic Red Angus breeders from across the region. I encourage you all to attend.

Finally, if you cannot make it to the auction, feel free to contact any of the ringmen / buyer representatives or myself for help in analyzing the cattle and help with making your selections. DVAuction will be onsite sale day where you can make your purchases via the internet.

If you have any questions, please feel free to give me a call 641/919-1077. I look forward to seeing everyone in Cullman, Alabama April 5th and 6th!

Best Regards,

Kyle Gilchrist

218 is an attractive, long bodied, first calf heifer that's developed a nice udder. Sired by the Genex stud member Crump New Decade. She descends from the 102 MPPA Tennessee Valley Red Angus donor AHE Bertha 826. This powerful female comes with 10 traits in the top 25% or better. Making her even more intriguing is her 61# heifer calf born 2/5/24 at side by the \$120,000 exclusive LSF BJR High Voltage 1803J (4412003) she's the first direct High Voltage to sell to date! Proven genetics with a cutting-edge coupon at side!

HB Annie 996G comes from the heart of our program. A granddaughter of the great Red Soo Line Annie 7249. She encompasses the same qualities passed down in this great cow family. Easy keeping, good milking and good looking, she's always been a front pasture cow. Her bull calf by 3 Aces Bookie 9640 is an impressive individual and has a world of potential as a herd sire or get a quick return on investment and market him in just a few months. Calf HB2132L, 10/12 bull 82#BW Sire: 9640 (3ACES Bookie 9640) Reg# 4531023. Breeding Info—PE 12/22—2/15 to HB KORY 2108K Reg# 4736682.

This ProfitBuilder daughter is backed by the great Flashback cow. These two sires do so much so very well. Functional, fertile and growthy. Those are the main ingredients to a successful future in the cattle business. The proof is in the pudding when you look at her beautiful heifer calf. This Red Eagle heifer calf is everything we look for in our calf crop. Breedy, easy-keeping, sound and has a killer look with her awesome deep red color. Calf HB396L 9/2 HF 78#BW Sire: Red Eagle Reg# 3753947 (EGL GCC Red Eagle E7194). Breeding Info—AI on 11/30 to LSF DLL Locomotion Reg#4620365 (Sexed HF). We can't say enough about the Lainey cow family which originally started at the great Damar program. These cattle are so maternal in their makeup. Great udders, awesome feet, easy fleshing, and they are so consistent. We love Lainey's heifer calf so much we decided to breed her back exactly the same way. Be sure to look this pair up on sale day! Calf HB 378L, 9/1 HF 50#BW Sire: Flashblack Reg#1667094 (AHL Flashback 446B). Breeding Info—AI on 11/28 to AHL Flashback 446B Reg#1667094. What a great opportunity here on a really nice 3n1 pair, this young cow has her whole life ahead of her and is raising a sure enough herd sire on her first try! This first calf heifer was in line to replace her 14 year old dam that is still in production. Her dam has a really nice heifer calf in our fall program this year that we will be keeping as a replacement, so we were able to offer her. Bloxy 994J is super slick haired, long made, and has a near perfect udder. I look for this great young female to produce some really top end calves for years to come! If you're looking for your next herd sire, her dark red, stout made bull calf would sure fit the bill! He is sired by our go to heifer bull LSF SRR Excellence 8167F that we used for several seasons with great success. She sells confirmed bred carrying a heifer calf due on 10-5-24 to our exciting new herd sire Bieber Mainstream K242(#:4621271) a maternal 3/4 brother to the great Bieber CL Energize F121. **Lot 10A: Bull Calf at side (#4883986)**

F332 is a dark red Rolling Deep daughter. Her Abigrace dam was one of our best donors until we lost her last year. F332's daughter sold as lot 40 in last year's sale for \$4500. With 7 EPD's in the top 20% and top 6% WW and YW She has the potential to keep producing top sellers. If I didn't have a full sister in the donor pen, this cow would be staying in South Carolina! She has a heifer calf at side, born on 1/8 out of our Merlin son (4618543). She was AI bred to Franchise on 2/23 and will be confirmed by sale day.

F324 is out of our best Abigrace donor cow. Normally I don't sell pairs, but with the heifer numbers on the farm low this year, and in an effort to support the sale, I had to make some tough choices. In any other year this cow would stay on the farm. She has a super udder and has a bull calf born on 1/12 out of our Merlin son. AI bred to Franchise on 3/9.

I 410 is a Oracle daughter out our newest Donor. Her Paternal sister sold for \$4500 in last year's sale. She has 8 EPD's in the top 15% including top 3% WW and top 4% YW. With this EPD set and her pedigree, I believe she has donor potential. She has a heifer calf out of our Merlin son, born 2/15. We really like this bull and seriously though about just letting him take care of the breeding this year. She will sale open and ready to breed.

Here's a really nice made WFL Merlin 018A daughter out of one of our best and most consistent cow families, the Osce's! This great female is dark cherry red, wide topped, and super attractive with tremendous depth of body. This heifer's great-great-granddam and the cornerstone female for this cow family was 19 years of age when she raised her last calf. She was good enough to be a replacement, so longevity, fertility, and soundness is definitely bred into this cow family! What a nice EPD spread with her CED in the top 22% and WW in the top 18%. She sells with a stout made bull calf at side born 2-11-24 sired by LSF SRR Excellence 8167F.

A direct daughter of Complete 7000E! Complete has caused a commotion since he sold in '17 for \$190,000 and continues today with his elite carcass, high performance progeny. 933K's top 1% MB EPD and her 133 IMF ratio proves just that! Now deceased, Complete's semen and genetics command a premium around the country. The Flower cow family is a prolific and highly proven one with 933's deceased MGD having nearly 60 progeny registered. The Flower's are also the family that produced the popular Brown Vacation. As a 4-year-old, 0G15 has a near perfect udder and feet as well as a 104 MPPA. AI'd 11/24/23 to LSF EXC Call of Duty 9065G (4250593) a top 1% ProS HXC Allegiance X LSF Night Calver low birthweight rising star. Ultrasound confirmed bred 2/19/24 carrying a heifer. Retaining (1) flush/aspiration of at least 6 embryos at buyer's convenience and seller's expense.

A fall bred daughter of the rare \$115,000 President 8177F. She was raised by a first calf heifer to a 111 WWR giving her dam a 104 MPPA! Her MGD is the now deceased, VVF donor who raised the breed legend LSF Saga as her first calf. 903 is attractive, long bodied and thick made with 11 traits in the top 35% or better, she looks the part too. A true donor prospect that checks all the boxes! AI'd 11/24/23 to the \$90,000 outcross Berwald Confident 2044 (4687927) at ABS. Ultrasound confirmed safe to AI on 2/19/24 carrying a heifer. Retaining (1) flush/aspiration of at least 6 embryos at buyer's convenience and seller's expense.

**LOT 24 / VETO MINOLA 903H 903K**

LOT 25 / VETO MISS 903F 916K

916 hails from the prominent "Miss" family at Lazy MC, Canada with her 3rd dam being the great "Miss 67R" whose influence is felt across the US and Canada. She's an attractive, big topped, thick made fall bred that had a 128 IMF ratio, yet still has the maternal look her cow family is known for. With Stockmarket semen becoming more and more rare, 916 is one to latch on to. A/d 11/24/23 to the \$90,000 outcross Berwald Confident 2044 (4687927) at ABS. Ultrasound 2/19/24 safe to AI.

LOT 26 / VETO TIDY BEE 0B12 0K1

OK1 is the higher performer of a set of twin heifers raised by a 9 year old dam with a combined weaning weight of the two over 1,050# solidifying her 102 MPPA. She's deep sided and maternal just like her \$20,500 now deceased MGD Tidy Bee 2066 who was a maternal sister to the famed BJR JR 107 and left a legacy at VVF and partners Atkinson Reds. Her direct influence has topped 2 previous Grasstime sales selling to Bootjack Cattle Co, MT and Little Creek Farms, MS. A/d 11/24/23 to the \$120,000 exclusive LSF BJR High Voltage 1803J (4412003) Ultrasound confirmed safe to AI on 2/19. 1803J semen has sold up to \$600/unit in the few times it's been offered, no set release date has been set.

Heaven's Tidy Bee 2859 is a bred heifer sired by Bull Hill 9214 out of a productive dam that is carrying on the legacy of her dam, Tidy Bee 589. 2859 is a larger frame, growth female that has the physical attributes and legacy to be a top performing dam. She is bred to RVC Crockett 2505, a stout, thick Alamo C92H son out of the grand dam of Larkaba 3055 (pictured above) that we wanted to use for a couple of breeding season. Breeding information to be updated on sale day.

Heaven's Tidy Bee 2959 is a bred heifer that goes back to Tidy Bee 589, the most productive cows in our farms history. She produced year after year until we lost her to an injury at the age of 17. 2959 is larger framed female with above average growth and that has been typical of her sire's calves (Bull Hill Domain 9214). She is bred to RVC Crockett 2505, a stout, thick Alamo C92H son out of the grand dam of Larkaba 3055 (pictured above) that we wanted to use for a couple of breeding season. If you want above average growth, great udders, feet, disposition and longevity in your cattle, I recommend taking a close look at these 2 Tidy Bee heifers. Breeding information to be updated on sale day.

This Queen Jewel ET heifer stems back to the Foshee/Bootjack donor JRA James 904. 904 was the number one total maternal cow of her era. She was the dam of the \$30,000 High Capacity this is found in pedigree's of Wideload and Red Box. This heifer is sired by the very proven sire Domain. 5594 has the looks to live up to the reputation established by her pedigree. A.I'd 12/28/23 to Berwald Confidence.

Dinah K01 is a direct daughter of Star "G" Dina A306 that we purchased as high selling open heifer in the 2014 SERRA sale. Many "classic greats" such as Rambo 502, Robin Hood, PRF Dina 236, are combined maternally in K01's pedigree. K01's sire JLW Prospect 5114 is as long as a freight train, structurally correct, with sound feet and legs with having a sound pedigree in his lineage. This heifer will make an excellent brood cow for her new owner. PE 1-13-24 to 4-5-24 to MPH Enterprise J04 (RAAA# 4607597).

Sired by ABS's CL Energize F121, K02 has been a "standout" ever since she hit the ground running. Phenotypically correct, feminine, good spring of rib and very docile, best describes this female. K02's dam (also the dam of our bull in sale) is as fertile as they come, conceiving first AI on all of her progeny thus far. Excellent brood cow material in the making on this fall bred female. AI bred 12-30-23 to ABS's WSM Playmaker 1080J (RAAA# 4468115). PE 1-13-24 to 4-5-24 to MPH Achilles K04 (RAAA# 4774757).

This super attractive Fall yearling heifer is a stand out in the pasture. She has a beautiful profile, is long bodied, deep middled, stands on lots of bone and is extremely correct on her feet and legs, she's very feminine featured and extended in her front end. She's in the top 21-22% in HB and Calving Ease Maternal, the top 12-14% in Average Daily Gain and Carcass Weight, and the top 7% in Heifer Pregnancy. This heifer is sired by a MR Coach son that was born and raised by Sintek Livestock. We have been absolutely thrilled with the MR Coach 2003 offspring, which bring greater volume and dimension to the calves he's sired. This heifer was A.I. bred to Bieber Stock Market on 12-06-2023 and Pasture Exposed after 12-14-2023 to SL 2003 Mr Coach 2216 and SL 1296 Mr Coach 2007. Video is available.

LOT 38 / SL MS 2003 COACH 2215

LOT 39 / SL MS 2018 FORTUNATE 2219

This big growthy Fall yearling heifer is the offspring of the most prolific heifer producing female in our herd. We have owned this von Forell bred cow for six years now. She came to Tennessee with a heifer calf at side and has produced a quality female heifer calf for 7 years in a row. We have incorporated numerous of her females back into our herd. We cannot keep them all! You will appreciate this heifer's length of body and length and trimness in the front end. We love her spring of rib, and her structural soundness and agility on the move. She is big boned and big footed. This heifer is in the top 23% in Pro S, the top 11% in Herd Builder, the top 27% in ADG, the top 6% in STAY, top 14% in Yield Grade, and top 16% in Rib Eye Area. She was A.I. bred to Bieber Energize on 12-07-2022 and Pasture Exposed after 12-14-2023 to SL 2003 Mr Coach 2216 and SL 1296 Mr Coach 2007. Video is available.

LOT 40 / SL MS 6517 EPIC 2220

Pretty as a picture is this November 1st born Winter yearling heifer. She's got a big hip and big rear quarter. She's wide topped, deep sided, and she's extended and pretty in the front end. We appreciate that this heifer is big footed and stands on lots of bone, is extremely sound structured and athletic on the move. This 4L EPIC daughter, out of an EXT sired dam posts a Pro S in the top 30%, is in the top 2% in Herd Builder, the top 23% for BW, the top 29% for ME, and the top 1% in STAY. Her dam has a 103 MPPA. This heifer was Natural Service bred to SL 2003 MR Coach 2216 on 12-18-2023 and Pasture Exposed after 12-14-2023 to SL 2003 Mr Coach 2216 and SL 1296 Mr Coach 2007. Video is available.

Here is a great young heifer with endless potential! Marie's pedigree is one you can't look past! Her cow family is a favorite of ours and continues to produce great calves year after year. She is sired by WEBR Hamley 785, a stout-made maternal bull who puts muscle and maternal traits into his daughters. She's also in the top 20% of the breed for ProS and HB indexes which just proves what a great asset she could be for any herd! She is bred to WATK Red Box 13H, who is out of MANN Red Box 55C and DAMAR Mimi W085, and is due to calve Fall 2024.

Here is an outstanding yearling heifer that we should have kept in Florida but we are determined to share the best of the best with our fellow Southeastern breeders! This young heifer hit the genetic lottery with a dam that won Champion Red Angus at Cattle Bonanza in 2020 and Reserve Champion Division at NAJRAE in 2021! This young heifer is just as bold as her dam with the same spring of rib, big foot, and long feminine neck. Don't forget her sire either, 3 Aces Sideways is known to consistently produce daughters with style and look. Don't miss your chance on this one! You can keep her in the show ring or put her to work! She sells exposed to WATK Hamley 2247.

A dark red, powerful yet balanced female with genetics you would drive miles to find again! This heifer has the potential to be a matriarch of your show herd but still comes with all the makings of a productive female who would excel in any seedstock herd. She is bred to TAW Card Shark 2211, an up-and-coming, soggy bull with enormous potential, and is due to calve by April 2024.

LOT 49 / DIX BERTHA 408G 908K

This stout made powerful female sure has a lot going for her! She's really deep chested, wide topped, and big boned, but still really feminine. If you're looking for a female to really raise the pounds at weaning and breed back year in and year out, I think she'll sure get it done for you. Not only is her WW in the top 16% of the breed but she also has a WWR of 102 as well. Bertha 908K's dam is a really productive, easy keeping cow with great feet, legs, and a near perfect udder! Her dam also has one of the top bull calves in our fall program this year as well. She sells confirmed bred carrying a bull calf, due on 9-5-24 to our exciting new herd sire Bieber Mainstream K242(4621271) a maternal 3/4 brother to the great Bieber CL Energize F121.

Here's a really nice made 5L Foreman 2174-370E daughter that goes back to one of our top cows and past donor Andras Rue B039. This bred heifer is a moderate made female that is dark red, smooth fronted, and has a really nice pedigree. Her sire, 5L Foreman 2174-370E, is one of the top sons out of the great 5L Bourne 117-48A. When I saw Foreman 370E at 5L Ranch, I knew he was a must use sire in our program and we have been very well pleased with the outstanding quality of his progeny! Rue 901K boast a really nice EPD profile with 10 epds in the top 1/3 of the breed! She sells confirmed bred carrying a heifer calf, due on 9-20-24 to our exciting new herd sire Bieber Mainstream K242(#:4621271) a maternal 3/4 brother to the great Bieber CL Energize F121.

LCJ Miss Advancer is a long, and dark color cow that raises good calves, and is an easy keeper. Out of JLW Password 4625 (3575616) her pedigree is second to none with all the great cows and bulls in her pedigree. This heifer should make a great cow, and great addition to any herd. Future calf out of C9CC-MR-PTO-G303 (4109862).

RVC Ritzy 3923 is a powerfully made open heifer sired by LASO Alamo C92H out of a dam that is a tank, with great feet and udder and a perfect disposition. I believe 3923 will be a female that will earn her spot in the top of any herd. If we had not decided to disperse over the next 3 years, these girls wouldn't be leaving the farm.

A great all around female sired by the renowned 9 Mile Franchise 6305, we really didnt want to part with this heifer, but here she is! Her mother sports a MPPA of 105, and being sired by Franchise, she will make a sleep all night calving ease bull that has impressive carcass traits. Holly is an easy fleshing, big middled, sound female that will definitely add to your herd.

Here is a half sister to the high selling open female in the 2023 Grasstime sale. This Sakic cow, dam of both lots, has been really successful for us. Going back to PIE Cinch on the top side to IWC Ms Sky L101, this super attractive, very feminine heifer will add cow power to your herd. Her Stayability EPD is in the top 1% of the breed! She will have a lasting impact as her retained females will be in production forever. With Ms Sky, the sky's the limit!

Here is a feminine dark red May Heifer that brings a lot of quality to the table. She is balanced, sound and when you really look at this heifer you can't help but appreciate her width and dimension. Plus, she is halter broke. If you are looking to add to your show string or herd program this heifer will not disappoint.

This classy June Heifer has big time potential. She is great on the ground, loads of middle, and still has that great look from the side. She is easy going, halter broke and would add to show string or herd program.

Lot 67 & 68 – A pair of heifers out of the 9 Mile calving ease sire Enterprise, both heifers are very sound and structurally correct, they are deep sided with lots of spring of rib.

SIRE / BIEBER CL ENERGIZE F121

JBSF Susie 3067 L06 comes from the Susie cow family that has done so well for Bull Hill Ranch (SC) over the years. Her maternal granddam is Susie 3072 who earned a MPPA of 111 and her dam is Susie 3067 who earned a MPPA of 107. The Susie cow family has proven to work, not only in the Southeast, but around the country. L06 is sired by Bieber CL Energize F121, who goes back to great sires like Fusion R236, Atomic C218, and the super sire Hard Drive Y120. Susie L06 has the genetics to back her up. She has 8 EPDs in the Top 1-33% and 5 more in the top 50%. This is one that you can buy with confidence.

Wow I still can't believe I'm letting this one go! Want to talk about the cream of the crop, she's right off the very top! She's one of the most elite level females to ever come out of our program! Pineta 169L is an extremely deep made, wide topped, dark cherry red ET daughter out of the great Bieber CL Energize F121. Her dam is a powerhouse 5L Bourne 117-48A daughter that is one of our top donor cows, averaging 14 embryos a flush. Not only is this female near flawless phenotypically, but she has the pedigree and numbers to go with it with 11 epds in the top 1/3 of the breed. What a nice spread she has with her CED, BW, WW, and YW all in the top 22% of the breed and her HPG in the top 4%. This is the kind of female you could sure enough build a herd around! We believe DIX Pineta E7069 169L is a future donor prospect and has the potential to be a top end producer in any herd! We also think enough of this great female that we will be retaining flush interest and two future flushes at our expense and buyer's convenience.

Here's another great female off the very top end of our yearling heifers and out of our very best cow family, the "Belga's"! Belga 106L is an ET daughter of the \$115,000 LSF SRR President 8177F that semen is very limited on and hard to find. This numbered up, fancy as they come female is out of an Andras New Direction R240 daughter that we raised, and she turned into a great cow we flushed. Her maternal granddam is one of the most powerful, fertile, easy keeping females we've ever owned and at 10 years of age carries a 107 MPPA with one of the very best heifer calves in our fall program on her side. This heifer is moderately made, feminine, dark red, and near phenotypically flawless! Take a look at the set of numbers she boasts with 13 epds in the top 1/3 of the breed with her ProS and HB in the top 9%! To top it off, she had a maternal sister sell last fall in the Andras Kind Female sale that was the second high selling bred heifer!

We sure have been pleased with our Bieber CL Energize F121 progeny and this sharp made, deep gutted, wide topped female is why we like him so much! Talk about depth of body and thickness this female sure enough has it and is still very feminine and attractively made. Her dam is a 5L Bourne 117-48A daughter we purchased in the Ludvigson Stock Farms dispersal sale that's done a fantastic job for us, she is an easy keeping, good footed, deep made, good milking cow that has raised some really nice calves for us. Flora 116L boasts a really nice set of EPDs with 12 EPDs in the top 35% of the breed. I look for this heifer to go out and be an outstanding producer just like her dam!

Another moderate frame heifer that is starting to come on strong, very good on her feet and has a great disposition. She is out of T5 Bandera bull that has made a many of females that is still in our herd.

This moderate framed heifer is built like we like them. Big middled and sound on her feet and legs. With maternal grandsire Over Draft Pick in her pedigree and off the T5 Bandera Bull that we have kept many heifers from. This will be an open calf ready to breed to the bull of your choice.

She has been halter broke for the last two months. She will make a really nice show heifer and an outstanding cow to put in your herd.

DVAuction
Broadcasting Real-Time Auctions

TERMS & CONDITIONS

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager. Kyle Gilchrist's cell number is (641) 919-1077.

Built like a truck, Kenworth is an 18 mo old stud that can move any program forward! He has 8 traits in the single digit percentiles and 11 in the top 1/3. He's moderate, thick, big topped and good footed. With 6 generations of proven AI sires from a dam that's a ¾ sister to the '22 Grasstime high seller, VETO Tilly 930H and a maternal sister to the \$20,500 VETO Tilly 306J, her MGD has earned a 105 MPPA and is still sound as a 16 yr old. With President semen being rare and Hard Drive practically nonexistent, he's a perfect opportunity to add proven genetics in a moderate, thick and sound package.

We are talking maternal and power production with this bull. With his pedigree stacked and backed by some of the best names, 5L, Andras, Pelton, Beckton, his ability and potential should not be questioned. Then a look at his individual performance, 72BW, 100BWR, 711AWW, 128WWWR, will back up his capability. His epds speak of low birth (-2.2BW), top growth (73WW, 107YW) and high maternal (top 25% Milk, top 4% HPG). Use this bull to produce high quality replacement females and/or to produce high gaining steers or bulls. DNA has been submitted to Red Angus to be on file for calf registrations.

LOT 86 / SL 2003 MR COACH 2214

Sintek Livestock is pleased to offer this attractive and powerfully made Senior yearling bull, out of a moderate framed Lacy's Red Angus 1st calf heifer.. He is sired by a Sintek bred CRUMP Mr Coach son that was born and raised by Sintek Livestock. We have been absolutely thrilled with the MR Coach 2003 offspring, which bring greater volume and dimension to the calves he's sired. This herd bull prospect is big hipped, wide topped, long sided, deep bodied, easy striding, and clean fronted. He is in the top 11% in HB and the top 9% in STAY. All those characteristics combine into a young herd sire with an awesome disposition. Video is available.

LOT 87 / THREE ACES FERDINAND

This Three Aces Sideways son out of our prize winning Emma's Sassy girl, is a low birthweight Gem! Winner of the LA State Fair (AOB Non-Brahman) and Grand Champion Central Louisiana Show (AOB Non-Brahman). Super nice disposition in the top 2% ProS will make an outstanding addition to your herd!

JBSF Vision X02 K17 has a pedigree that is loaded with proven genetics from bulls like Red Crowfoot Ole's Oscar, Brown Vacation H7106, HXC Charter 6610D, and Spur Franchise of Garton. He is also backed by the Tilly cow family. His dam, Tilly X02, produced a daughter that was the high selling lot in the '22 Grasstime auction for Veto Valley Farms (TN) and another daughter that topped the bred heifers in the '23 Grasstime Auction for Veto Valley Farms. X02 has also produced many sons that have sold around the country. K17 is long bodied and full of middle. He has Top 1-10% EPDs for ProS, HB, Stay, and Marb; and Top 11-33% for GM, WW, YW, ADG, and Milk. He has the recipe for greatness: proven genetics, impressive EPD profile, and a great phenotype.

LCJ Power Take Off is a large frame bull that can put pounds on your calf crop. His dam is sired by 4L 323 Continuance R59N, a Von Forrell bull that was the Reserve Grand Champion Bull at the North American Livestock Show in Louisville, Kentucky. LCJ Power Take Off 2260 is sired by C9CC MR PTO G303. Should make someone a great herd sire. Check him out sale day and you won't be disappointed.

Here's a nice moderately made herd bull prospect out of Bieber CL Energize F121 and one of our main donor females LSF SRR Pineta B4295 E7069. This young sire has really nice depth of body with good feet and legs and also has an outstanding disposition and is as gentle as they come. If you're looking for a bull to use on just heifers or both cows and heifers, I think he'd sure do a great job! With his -3.8 BW EPD in the top 17% of the breed he's definitely heifer safe but also has a good punch of growth with his WW and YW in the top 11% of the breed. His lovely ET full sister DIX Pineta E7069 169L sells in this sale and she's an extremely nice female. I look for the females out of him to make some great replacements!

D6400 came to us as a proven donor from the '17 Ludvigson Dispersal, she's a maternal sister to the dam of the \$115,000 LSF SRR President 8177F, in turn the resulting calves from these embryos will be ¾ sibs to him. Her 3rd dam is the \$50,000 breed legend Larson Flo Marie 185. We have a spring yearling flushmate sister from this flush that's feminine with unmatched body mass and dimension. The impressive projected EPD's for the resulting calves will be in the top 15% of the breed for CED, BW and MB as well as top 20% GM. **Guarantee (1) pregnancy if implanted in an AETA tech within (2) years of sale day.**

We're consigning 3 IVF reverse sorted (female) embryos from Twin B Jocosa J081 x 4MC King of the Cowboys 706. "Josie" entered the showring at just 6 months old and took away a supreme female title at her first show, followed by Res Grand Champion female at the NC State Fair before we sold half interest in her. King of the Cowboys needs no introduction as he is the sire to the most recently crowned grand females at both Ft. Worth and Denver this year, along with several other champions across the country. If you are looking for a show calf, this would be the lot to go for. We are extremely excited to see the calves from this mating, expecting big things from them as well. **Guarantee 1 90 day pregnancy if implanted by certified tech within 1 year of purchase. Embryos will be available at the sale or buyer responsible for shipping.**

Lot of 3 embryos out of the popular Energize son High Voltage and Feddes Jessa A31-D53. High Voltage semen is tightly held and makes this package very desirable. The accomplishments of the dam in our herd makes the package even more desirable. Jessa D53 was a high seller in the 2017 Big Sky Elite sale. She arrived in Alabama and built a 110 MPPA while advancing her calving date from January to October. She has calved 2 years in a row to AI and weaned our high weaning bull last year – a Stockmarket son that will be used in our herd. Expect great things from this package. Guarantee of 1 pregnancy if embryos are implanted by a certified technician. Embryos may be picked up in Cullman on sale day.

BJR Dakel 703E is proving to be an elite source for carcass genetics. 703E scanned a 6.57 marbling and a 1.36 per hundred weight for REA. On top of that, she has earned a 108 MPPA. 703E has EPDs ranked in the Top 1-10% for BW, Marb, YG, and Fat and Top 11-35% for GM, CED, WW, YW, ADG, Milk, HPG, and REA. Dakel 703E is the 3rd consecutive generation donor that BJR has used from the cow family that produced the great Yogo bull that was #1 for WW and #1 for YW in the Breed in his era. We are excited to have purchased 703E from BJR and to incorporate her into our donor program. Prime Plus 0111H is a big bodied and wide based bull that is in the Top 1% of the breed for marbling with an IMF of 8.77. He ranks in the top percentiles for \$Profit and \$Ranch indexes which means that he will produce great daughters and add value through his carcass traits. **Selling 3 conventional embryos, guarantee one 90 day pregnancy of implanted by a certified technician.** Embryos will be in Cullman, but shipping can be arranged at buyer's expense.

DAM / C-BAR STONY 6H REG#4406307

Cutting-edge genetics combining Stony 6H and the \$90,000 ABS phenom, Berwald Confident 2044. 6H is one of the more stunning Angus females you will find anywhere in the country, and she has breed leading data to go with her breed leading looks. The sire, Confident 2044, was the top seller in Berwald's inaugural sale last spring, and his full sister topped the females at \$85,000. **Selling four (4) frozen embryos with a guarantee of two (2) pregnancies if implanted by a certified technician.**

5 COMMERCIAL FALL BRED & 3 OPEN HEIFERS

Consigned by **FORBES FARM** / Terry Forbes
Slaughter, OK • forb350@yahoo.com • 270/213-1950

These fall heifers will start calving the first of September, they were bred to Osborn Bourne 120J (4473159) a low birth weight bull. Bull in 11/20/2023 – pulled out 1/31/2024. His 2023 calves are really good. Heifers will be pregnancy checked the first of March poured and killed 10 way vaccine Triangle 10. The 3 open heifers will be a year old in the spring ready to breed. Heifers will be vet checked, wormed and shots. A good set of heifers out of our replacement pen, all heifers are full blooded Red Angus.

Lot
213-214

4 COMMERCIAL FALL BRED HEIFERS

Consigned by **JIMMY WHITLEY** / Jimmy Whitley
Horton, AL • whitfeed@hopper.net • 205/359-0154

This is a nice group of Charolais x Red Angus sired heifers. They are half-sisters out of the same Red Angus bull. Expect them to excel in the carcass, maternal and growth traits. Their calves should sell well too. P.E. from 1/15/2024 – 2/21/2024. Breeding information confirmed on sale day.

Lot
215-220

COMMERCIAL FALL BRED & OPEN HEIFERS

Consigned by **OSBORN RED ANGUS** / Danny & Michael Osborn
Athens, AL • dankim2005@outlook.com • 256/679-6307 or 931/993-3654

2003 – RWF heifer out of 100% Red Angus bull and 100% Hereford cow. AI bred to Mushrush Icon F765 (4067186) 12/15/2023 then pasture exposed to Andras Strategy K038 (4648223) 12/22/2023-3/22/2024.

2004 – RWF heifer out of 100% Red Angus bull and 100% Hereford cow. AI bred to Mushrush Icon F765 (4067186) 12/15/2023 then pasture exposed to Andras Strategy K038 (4648223) 12/22/2023-3/22/2024.

Percentage Open Heifers

4828942 – OSBORN TAYLORS 506L (Cat 3) A beautiful, slick haired 50% Red Angus 50% Simmental heifer. Coming from the Taylors cow family we have the utmost confidence in her. The sire, our neighbors black Simmental, has been a prolific breeder with low birth weight calves that grow rapidly. 74# actual BW, 644# AWW, 798# AYW. DNA has been submitted so that her blanked epds will be resolved.

4828976 – OSBORN MS SIMMI 523L This pretty dark red 75% Red Angus 25% Simmental heifer will not disappoint! Coming from 2 generations of our own breeding, her sire is a nice Collier Finished Product son out of an Andras New Direction R240 cow and her dam is a really nice first calf heifer out of an Andras Fusion R236 son and a commercial Red Angus Simmental cow. 69# actual BW, 543# AWW, 841# AYW. DNA has been submitted so that her blanked epds will be resolved.

4828984 – OSBORN ROXIE 526L Come help yourself here! This heifer is actually 100% Red Angus. We inherited this heifer when we bought the dam back from a commercial breeder who had bought the dam as a heifer. The dam was carrying the calf at the time and the sire was an unregistered 100% Red Angus bull out of Andras New Direction R240. The granddam of this heifer is a Mulberry 26P daughter from the Jim McLean herd. DNA has been submitted so that her blanked epds will be resolved.

5 COMMERCIAL FALL BRED HEIFERS

Consigned by **DIXON RED ANGUS** / Jed Dixon
Athens, AL • jdixon@dixonstables.com • 256/614-4212

Here's 5 really nice fall bred commercial heifers, three of them being F1 Fleckvieh over Red Angus and two of them are out of commercial Hereford crossed cows and the well known RREDS Pathfinder F811 red angus bull. These heifers are out of some really nice, low maintenance, productive cows that go out and raise a good calf every year! They are due to start calving 9-20-24 to Bieber Mainstream K242 a calving ease Red Angus bull.
